

JULY

COLEGIO BIBLICO EL COLEGIAL

2013

ROOTED TO OUR NAME

Reflecting upon our emphasis as a Bible College, we have to say that we want to remain concentrated in preparing Christian leaders to function effectively in ministry. We begun with the idea to train preachers and Christian workers for the Hispanic people. We ask wisdom from God to help us stay focused in producing and preparing that type of Christian leaders.

An institution like Colegio Biblico sticks to the traditional ideal. The year was 1945 when Harland Cary and his wife decided to dedicate their lives to serving the Lord and the training of workers for the Spanish-speaking world. That was the primary objective, hence the name Colegio Biblico (literally Spanish for "Bible College").

After 68 years, we can proudly say that we remain Colegio Biblico, same name, same mission, same goals, and same almighty God who inspired the Word which is taught in our classrooms; adapting to face the challenges that the 21st century poses to the execution of our ministry. Understanding that we have to make the best use of time, effort, and limited resources to accomplish the task.

SUMMER OVERVIEW

A new school year is ready to start! On August 19, we will begin a new period of academic activities. We thank God for the summer period which was filled with many opportunities to serve the Lord. During this period, the faculty and staff was representing the ministry of Colegio Biblico in the various activities of the Christian Church both domestically and in Mexico.

Representation and recruitment was done in the various conventions, fellowships, Bible camps, and VBS. We thank our Lord Jesus and his Church, that with kindness and diligence, gave us the opportunity to serve.

PACK THE PANTRY - MESSAGE FROM LUDY FLORES

Dear friends of Colegio Biblico,

As a homemaker, mother, and wife of Colegio Biblico president, it is my privilege to reach out to you today on behalf of our Pack the Pantry ministry. I have been involved with the mission of the college for over 23 years now. In addition, I was also once a Colegio Biblico student and can tell you firsthand what a blessing it was to receive daily meals during my preparation years when I had no other resources. Times have changed, but our students' needs remain the same.

It is because of generous donors such as yourself that we can continue our Pack the Pantry tradition for the 2013-2014 school year and continue to secure meals for our students and their children on both sides of the border.

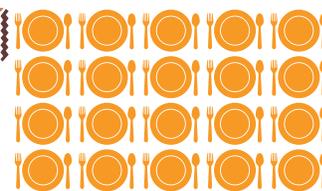

We had 65 students last school year and expect that number to grow this coming year!

[In an effort to save money in our mailings, we are including our Pack the Pantry appeal in this Colegial issue]

A GIFT OF:

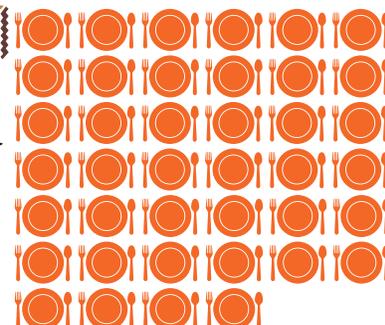

\$ 610

Feeds a Student for a Semester

\$1,210

Feeds a Student for the Entire School Year

USE THE ENCLOSED CARD TO DESIGNATE YOUR GIFT.

Please consider making a **difference** in a student's life by sending in a **generous donation!**

We know God will provide via His church and His children!

Sincerely,

Lujivina Flores,
For Colegio Biblico

OUR HEARTS ARE FLOODED WITH APPRECIATION

Today, we want to sincerely thank everybody who responded with love and generosity to our request. Be assured that the resources you have placed for this cause are being very useful for buying mattresses and furniture very much needed. Your support is of great value in this ministry, thank you!

THIS BUILDING FOR ZEAL

The educational building's first floor includes four classrooms with capacity for 35 students each. In

addition, it has an administrative office, five faculty offices, and bathrooms. On the second floor it has a library, conference room, computer lab, and bathrooms. The next stage will be the installation of ducts for central climate, insulation, drywall on the interior walls, and paint. We're hoping this building will be operational by the beginning of next semester. Continue to pray for us.

MARKLE HELPED US SPARKLE

We were visited by a youth group from the Markle Church of Christ in Indiana, which helped us in different areas of work around campus such as maintenance, painting, cleaning, and many other chores.

We appreciate the time, work, money, and effort they shared with us, serving God at Colegio Biblico, despite the intense heat. May the Lord prosper their efforts!
